# Open Data Day
Tartu 2017

Saturday

04 March
11:00–16:00

Institute of
Computer Science
(Paabel)

Ülikooli 17

▶ Presenting Estonian Open Data issue tracker

▶ Using Open Data in Regio, OpenStreetMap

▶ Open research data at DataCite, OpenAire

▶ Open Data in folkloristics/Literary Museum

▶ Challenges of Open Data infrastructure

▶ Hacking municipal decision flow data

▶ Linked Data: Principles, tools and examples

▶ Photo databases and Wikipedia

▶ Your first edit to Wikidata, OpenStreetMap

… and many more talks/workshops!

Open Data day is an annual meetup by Open Data enthusiasts for everybody interested in potential of data in the information age. If you are interested in using more data, making better use of data or finding more data for use then join us on Open Data Day in Tartu.
